Primary School PE and School Sports Funding 2025/26

Since 2013 the government have provided additional funding to improve the provision of physical education (PE) and sport in primary schools – The Primary PE and Sports Premium. This funding is allocated to primary school headteachers and is ring-fenced, therefore can only be spent on PE and school sport provision. As a school we have some freedom in which this funding can be spent.

The Department for Education has a vision that all pupils leaving primary school should be physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

In 2017, new guidance was published and the Primary PE and Sport Premium grant doubled. To achieve self-sustaining improvement schools were required to focus on ensuring that spending must have a long lasting impact that would continue to be built upon and be effective in the years to come. It is expected that schools will see improvement against the following 5 key indicators:

Key Indicator 1 (K11): The engagement of all pupils in regular physical activity – kick starting healthy active lifestyles

Key Indicator 2 (K12): The profile of PE and sport being raised across the school as a tool for whole school improvement

Key Indicator 3 (K13): Increased confidence, knowledge and skills of all teaching staff in teaching PE and sport

Key Indicator 4 (K14): Broader experience of a range of sports and activities offered to pupils

Key Indicator 5 (K15): Increased participation in competitive sport

Under the Ofsted Schools Inspection Framework, inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on pupils, and how effectively governors hold the school to account for this.

Schools are required to publish details of how this funding is spent as well as on the impact it has on pupils' PE and sport participation and attainment.

This document will be updated and published on the school website.

Meeting national curriculum requirements for swimming and water safety	
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?
