Policy Aims

This online safety policy has been developed by Sawley Junior School, building on The Education People online safety policy template and reformatted with additions relevant to our setting.

It takes into account the DfE statutory guidance [Keeping Children Safe in Education](#), [Working Together to Safeguard Children](#) and the Derby and Derbyshire Safeguarding Children's Partnership Safeguarding procedures.

The purpose of this Online Safety policy is to:

- Safeguard and protect all members of Sawley Junior School community online.
- Identify approaches to educate and raise awareness of online safety throughout the community.
- Enable all staff to work safely and responsibly, including in the delivery of remote learning, to role model positive behaviour online and to manage professional standards and practice when using technology.
- Identify clear procedures to use when responding to online safety concerns.

The breadth of issues classified within Online Safety is considerable and ever evolving, but can be categorised into four areas of risk (see section 135 of KCSIE 2022):

- **Content:** being exposed to illegal, inappropriate, or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism.
- **Contact:** being subjected to harmful online interaction with other users; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
- **Conduct:** online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying.
- **Commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams. If there is a concern that pupils or staff are at risk, please report to the Anti-Phishing Working Group (<https://apwg.org/>).

Policy Scope

Sawley Junior School believes that online safety is an essential part of safeguarding and acknowledges its duty to ensure that all learners and staff are protected from potential harm online.

Sawley Junior School identifies that the internet and associated devices, such as computers, tablets, mobile phones and games consoles, are an important part of everyday life.

Sawley Junior School believes that learners should be empowered to build resilience and to develop strategies to manage and respond to risk online.

This policy applies to all staff including the governing body, leadership team, teachers, support staff, external contractors, visitors, volunteers and other individuals who work for, or provide services on behalf of the setting (collectively referred to as “staff” in this policy) as well as learners, parents and carers.

This policy applies to all access to the internet and use of technology, including personal devices, or where learners, staff or other individuals have been provided with setting issued devices for use off-site, such as a work laptop, tablets or mobile phones.

Sawley has a child-friendly child protection policy and an online safety agreement which has been shared with all pupils.

Links with other policies and practices

This policy links with several other policies, practices and action plans including:

- Behaviour Policy
- Anti-Bullying Policy
- Safer recruitment and selection, including single central record
- Reduced timetables, suspension and permanent exclusion
- Use of reasonable force/physical intervention
- SEND Annual Information Report
- Communications Protocol
- School Visitors Policy
- Children missing from education
- Visitors to School Policy
- Use of External Contributors’ Policy
- Children’s health and safety and well-being, including their mental health
- Mobile phone and social media policies
- Searching, screening and confiscation policy

Monitoring and Review

Technology in this area evolves and changes rapidly. This school will review this policy at least annually.

The policy will also be revised following any national or local policy requirements; any child protection concerns or any changes to the technical infrastructure.

We will regularly monitor internet use and evaluate online safety mechanisms to ensure that this policy is consistently applied.

To ensure they have oversight of online safety, the Headteacher/DSL will be informed of online safety concerns, as appropriate.

The Headteacher/DSL will report on a regular basis to the governing body on online safety practice and incidents, including outcomes.

Any issues identified via monitoring will be incorporated into our action planning.

Roles and Responsibilities

The Designated Safeguarding Lead (DSL) has lead responsibility for online safety.

Whilst activities of the designated safeguarding lead may be delegated to an appropriately trained deputy, overall the ultimate lead responsibility for safeguarding and child protection, including online safety remains with the DSL.

Sawley Junior School recognises that all members of the community have important roles and responsibilities to play with regards to online safety.

The leadership and management team will:

- Ensure that online safety is viewed as a safeguarding issue and that practice is in line with national and local recommendations and requirements.
- Ensure there are appropriate and up-to-date policies regarding online safety; including a staff code of conduct/behaviour policy and acceptable use policy, which covers acceptable use of technology.
- Ensure that suitable and appropriate filtering and monitoring systems are in place and work with technical staff to monitor the safety and security of our systems and networks.
- Ensure that online safety is embedded within a progressive curriculum, which enables all learners to develop an age-appropriate understanding of online safety.
- Support the DSL and any deputies by ensuring they have sufficient time and resources to fulfil their online safety responsibilities.
- Ensure parents are directed to online safety advice and information.
- Provide information on a school's website for parents and the community.
- Ensure there are robust reporting channels for the community to access regarding online safety concerns, including internal, local and national support.
- Ensure that appropriate risk assessments are undertaken regarding the safe use of technology.
- Audit and evaluate online safety practice to identify strengths and areas for improvement.

The Designated Safeguarding Lead (DSL) will:

- Act as a named point of contact on all online safeguarding issues and liaise with other members of staff or other agencies, as appropriate.
- Work alongside deputy DSLs to ensure online safety is recognised as part of the settings safeguarding responsibilities and that a coordinated approach is implemented.
- Ensure all members of staff receive regular, up-to-date and appropriate online safety training.
- Access regular and appropriate training and support to ensure they understand the unique risks associated with online safety and have the relevant knowledge and up to date required to keep learners safe online.

- Access regular and appropriate training and support to ensure they recognise the additional risks that learners with SEN and disabilities (SEND) face online.
- Keep up-to-date with current research, legislation and trends regarding online safety and communicate this with the community, as appropriate.
- Work with staff to coordinate participation in local and national events to promote positive online behaviour, such as Safer Internet Day.
- Ensure that online safety is promoted to parents, carers and the wider community, through a variety of channels and approaches.
- Maintain records of online safety concerns, as well as actions taken, as part of the settings safeguarding recording mechanisms.
- Monitor online safety incidents to identify gaps and trends, and use this data to update the education response, policies and procedures.
- Report online safety concerns, as appropriate, to the Governing Body.
- Work with the leadership team to review and update online safety policies on a regular basis (at least annually) with stakeholder input.
- Meet regularly with the governor with a lead responsibility for safeguarding.

It is the responsibility of all members of staff to:

- Contribute to the development of online safety policies.
- Read and adhere to the online safety policy and acceptable use policies.
- Take responsibility for the security of setting systems and the data they use or have access to.
- Model good practice when using technology and maintain a professional level of conduct in their personal use of technology, both on and off site.
- Embed online safety education in curriculum delivery, wherever possible including the sharing of pupil level acceptable use policies.
- Have an awareness of a range of online safety issues and how they may be experienced by the children in their care.
- Identify online safety concerns and take appropriate action by following the settings safeguarding policies and procedures.
- Know when and how to escalate online safety issues, including signposting to appropriate support, internally and externally.
- Take personal responsibility for professional development in this area.
- Identify students who are involved in cybercrime, or those who are technically gifted and talented and are at risk of becoming involved in cybercrime, and make a Cyber Choices referral.

It is the responsibility of staff managing the technical environment to:

ICT provision and management is outsourced to an external provider via contract to Willows Academy Trust. As part of their contractual responsibilities, the ICT provider is responsible for:

- Putting in place an appropriate level of security protection procedures, such as filtering and monitoring systems, which are reviewed and updated regularly to assess effectiveness and ensure pupils are kept safe from potentially harmful and inappropriate content and contact online while at school, including terrorist and extremist material.
- Ensuring that the school's ICT systems are secure and protected against viruses and malware and that such safety mechanisms are updated regularly.
- Conducting a full security check and monitoring the school's ICT systems on a specified regular basis.
- Blocking access to potentially dangerous sites and, where possible, preventing the downloading of potentially dangerous files
- Ensure appropriate access and technical support is given to the DSL (and/or deputy) to our filtering and monitoring systems, to enable them to take appropriate safeguarding action if/when required.
- Communicating with the school any breaches of security or concerns in a timely fashion
- Respond to school's requests with regard to filtering information.

It is the responsibility of learners (at a level that is appropriate to their individual age and ability) to:

- Engage in age appropriate online safety education opportunities.
- Contribute to the development of online safety policies.
- Read and adhere to the acceptable use policies.
- Respect the feelings and rights of others both on and offline.
- Take responsibility for keeping themselves and others safe online.
- Seek help from a trusted adult, if there is a concern online, and support others that may be experiencing online safety issues.

It is the responsibility of parents and carers to:

- Read the acceptable use policies and encourage their children to adhere to them.
- Support our online safety approaches by discussing online safety issues with their children and reinforcing appropriate and safe online behaviours at home.
- Role model safe and appropriate use of technology and social media.
- Abide by the home-school agreement and acceptable use policies.
- Identify changes in behaviour that could indicate that their child is at risk of harm online.
- Seek help and support from the setting, or other appropriate agencies, if they or their child encounter risk or concerns online.
- Contribute to the development of the online safety policies.
- Use systems, such as learning platforms, and other network resources, safely and appropriately.

- Take responsibility for their own awareness in relation to the risks and opportunities posed by new and emerging technologies.

Education and Engagement Approaches

Education and engagement with learners

Sawley Junior School will establish and embed a progressive online safety curriculum to raise awareness and promote safe and responsible internet use amongst learners by:

- Ensuring education regarding safe and responsible use precedes internet access.
- Including online safety in Personal, Social, Health and Economic (PSHE), Relationships and Sex Education (RSE) and computing programmes of study.
- Reinforcing online safety messages whenever technology or the internet is in use.
- Educating learners in the effective use of the internet to research; including the skills of knowledge location, retrieval and evaluation.
- Teaching learners to be critically aware of the materials they read and shown how to validate information before accepting its accuracy.
- The setting will support learners to read and understand the acceptable use policies in a way which suits their age and ability by:
 - Displaying acceptable use posters in all rooms with internet access.
 - Informing learners that network and internet use will be monitored for safety and security purposes and in accordance with legislation.
 - Providing online safety education and training as part of the transition programme across the key stages and when moving between establishments.
 - Using support, such as external visitors, where appropriate, to complement and support our internal online safety education approaches.

Vulnerable Learners

Sawley Junior School recognises that some learners are more vulnerable online due to a range of factors. This may include, but is not limited to children in care, children with Special Educational Needs and Disabilities (SEND) or mental health needs, children with English as an additional language (EAL) and children experiencing trauma or loss.

Sawley Junior School will ensure that differentiated and ability appropriate online safety education, access and support is provided to vulnerable learners.

When implementing an appropriate online safety policy and curriculum Sawley Junior School will seek input from specialist staff as appropriate, including the SENCO, Child in Care Designated Teacher.

Training and Engagement with Staff

We will:

- Provide and discuss the online safety policy and procedures with all members of staff as part of induction.
- Provide up-to-date and appropriate online safety training for all staff, including governors where relevant to their role on a regular basis, with at least annual updates. This will cover the potential risks posed to learners (Content, Contact and Conduct) as well as our professional practice expectations.
- Recognise the expertise staff build by undertaking safeguarding training and managing safeguarding concerns and provide opportunities for staff to contribute to and shape online safety policies and procedures.
- Make staff aware that our IT systems are monitored, and that activity can be traced to individual users; staff will be reminded to behave professionally and in accordance with our policies when accessing our systems and devices. (see WAT Acceptable Use of IT – Staff)
- Make staff aware that their online conduct outside of the setting, including personal use of social media, could have an impact on their professional role and reputation.
- Highlight useful educational resources and tools which staff should use, according to the age and ability of the learners.
- Ensure all members of staff are aware of the procedures to follow regarding online safety concerns affecting learners, colleagues or other members of the community.

Awareness and Engagement with Parents and Carers

Sawley Junior School recognises that parents and carers have an essential role to play in enabling children and young people to become safe and responsible users of the internet and associated technologies.

We will build a partnership approach to online safety with parents and carers by:

- Providing information and guidance on online safety in a variety of formats.
 - Drawing their attention to the online safety policy and expectations in letters, our Parent Information Booklet and on our website.
 - Requesting that they read online safety information as part of joining our community, for example, within our home school agreement.
 - Requiring them to read our acceptable use policies and discuss the implications with their children.

Reducing Online Risks

Sawley Junior School recognises that the internet is a constantly changing environment with new apps, devices, websites and material emerging at a rapid pace.

We will:

- Regularly review the methods used to identify, assess and minimise online risks.

- Examine emerging technologies for educational benefit and undertake appropriate risk assessments before use in the setting is permitted.
- Ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that users can only access appropriate material.
- Due to the global and connected nature of the internet, it is not possible to guarantee that unsuitable material cannot be accessed via our computers or devices.
- All members of the community are made aware of our expectations regarding safe and appropriate behaviour online and the importance of not posting any content, comments, images or videos which could cause harm, distress or offence to members of the community. This is clearly outlined in our acceptable use policies and highlighted through a variety of education and training approaches.
- Ensure the children have seen and agreed to a safety online code of conduct.
- Ensure that all staff have read and agreed to the online safety policy and staff code of conduct.

Safer Use of Technology

Classroom Use

Sawley Junior School uses a wide range of technology. This includes access to:

- Computers, laptops and other digital devices
- Internet - which may include search engines and educational websites
- Microsoft Teams
- Digital cameras, web cams and video cameras
- All setting owned devices will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place.
- Members of staff will always evaluate websites, tools and apps fully before use in the classroom or recommending for use at home
- The setting will use age appropriate search tools following an informed risk assessment, to identify which tool best suits the needs of our community.
- We will ensure that the use of internet-derived materials, by staff and learners complies with copyright law and acknowledge the source of information.
- Supervision of learners will be appropriate to their age and ability.
 - **Key Stage 2**
 - Learners will use age-appropriate search engines and online tools.
 - Learners will be directed by the teacher to online materials and resources which support the learning outcomes planned for the learners age and ability.

Managing Internet Access

- It is expected that all staff will adhere to our online safety requirements and follow the code of conduct after induction.

- All staff, learners and visitors will read and sign an acceptable use policy before being given access to our computer system, IT resources or internet.
- We will offer advice, support and react accordingly following the school's Safeguarding and Behaviour Policies where pupils attempt to access inappropriate content.

Filtering and Monitoring

A guide for education settings about establishing 'appropriate levels' of filtering and monitoring can be found at: <https://www.saferinternet.org.uk/advice-centre/teachers-and-school-staff/appropriate-filtering-and-monitoring>

Decision Making

Sawley Junior School's Headteacher has been assured by AIT that our setting has age and ability appropriate filtering and monitoring in place, to limit learner's exposure to online risks. This has been shared with Governors. The head teacher takes all reasonable steps to check the filtering system is up to date and operational.

- The governors and leaders are aware of the need to prevent "over blocking", as that may unreasonably restrict what can be taught, with regards to online activities and safeguarding.
- Our decision regarding filtering and monitoring has been informed by a risk assessment, considering our specific needs and circumstances.
- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team; all changes to the filtering policy are logged and recorded.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.

Filtering

- We use Smoothwall which blocks sites which can be categorised as: pornography, racial hatred, extremism, gaming and sites of an illegal nature.
- The filtering system blocks all sites on the Internet Watch Foundation (IWF) list.
- We work with AIT to ensure that our filtering policy is continually reviewed.
- If learners discover unsuitable sites, they will be required to:
 - Report the concern immediately to a member of staff.
 - The member of staff will report the concern (including the URL of the site if possible) to the DSL (or deputy) and/or technical staff.
 - The breach will be recorded and escalated as appropriate.
 - Parents/carers will be informed of filtering breaches involving their child.
 - The headteacher and deputy DSL have attended filtering training to ensure a working knowledge of how filtering supports our safety online.

- Any material believed to be illegal will be reported immediately to the appropriate agencies, such as the IWF, Derbyshire Police or CEOP.

Monitoring

- We will appropriately monitor internet use on all setting owned or provided internet enabled devices. This is achieved by:
 - All adults to be vigilant and report any concerns to the headteacher
 - All children to be aware and report any concerns to a responsible adult
 - Review with the internet provider, check smoothwall list and smoothwall compliance
- If a concern is identified via monitoring approaches we will:
 - Ensure that the DSL is made aware and report directly to AIT and follow the School child protection policy.
 - All users will be informed that use of our systems can be monitored and that all monitoring will be in line with data protection, human rights and privacy legislation.

Managing Personal Data Online

- Personal data will be recorded, processed, transferred and made available online in accordance with General Data Protection Regulations and Data Protection legislation.
 - See WAT GDPR Policy.

Security and Management of Information Systems - our systems are monitored by AIT

We take appropriate steps to ensure the security of our information systems, including:

- Virus protection being updated regularly.
- Encryption for personal data sent over the Internet or taken off site (such as via portable media storage) or access via appropriate secure remote access systems.
- Not using portable media without specific permission; portable media will be checked by an anti-virus /malware scan before use.
- Not downloading unapproved software to work devices or opening unfamiliar email attachments.
- Regularly checking files held on our network.
- The appropriate use of user logins and passwords to access our network.
- All users are expected to log off or lock their screens/devices if systems are unattended.

Password Policy

- All members of staff will have their own unique username and private passwords to access our systems; members of staff are responsible for keeping their password private.
- If using online recording systems e.g. a CP record system restricted access will be granted per job role and responsibility with regular reviews of who has access
- We require all users to:

- Use strong passwords for access into our system - the longer and more unusual, the stronger it becomes. Using a combination of upper, lower case, numbers and special characters is recommended.
- Regularly change their passwords
- Always keep their password private; users must not share it with others or leave it where others can find it.
- Not to login as another user at any time.

Managing the Safety of our Website

- We will ensure that information posted on our website meets the requirements as identified by the Department for Education (DfE).
- We will ensure that our website complies with guidelines for publications including: accessibility; data protection; respect for intellectual property rights; privacy policies and copyright.
- Staff or learner's personal information will not be published on our website; the contact details on the website will be our setting address, email and telephone number.
- The administrator account for our website will be secured with an appropriately strong password.
- We will post appropriate information about safeguarding, including online safety, on our website for members of the community.

Publishing Images and Videos Online

- We will ensure that all images and videos shared online are used in accordance with the associated policies, including (but not limited to):
 - SJS Photograph & Digital Images Policy
 - SJS Remote Learning Policy
 - WAT Acceptable Use of IT – Staff
 - SJS Pupil Acceptable Use Policy
 - WAT Staff Code of Conduct

Managing Email

- Access to our email systems will always take place in accordance with data protection legislation and in line with other policies, including confidentiality, acceptable use policies and the code of conduct/behaviour policy.
 - The forwarding of any chain messages/emails is not permitted.
 - Spam or junk mail will be blocked and reported to the email provider.
 - Any electronic communication which contains sensitive or personal information will only be sent using secure and encrypted email.
 - Setting email addresses and other official contact details will not be used for setting up personal social media accounts.
- Members of the community will immediately inform the Headteacher if they receive offensive communication, and this will be recorded in our safeguarding files/records.

Staff Email

Please see WAT Staff Acceptable Use Policy.

Educational use of Videoconferencing and/or Webcams

Please see WAT Staff Acceptable Use Policy.

Please see Remote Learning Policy & Guidance.

Content

- When recording a videoconference lesson, it should be made clear to all parties at the start of the conference and written permission will be obtained from all participants; the reason for the recording must be given and recorded material will be stored securely.
- If third party materials are included, we will check that recording is permitted to avoid infringing the third-party intellectual property rights.
- We will establish dialogue with other conference participants before taking part in a videoconference; if it is a non-educational site, staff will check that the material they are delivering is appropriate for the learners.

Management of Learning Platforms

- SJS uses Microsoft Teams as its Learning Platform (LP) for live lessons and provision of Remote Learning.
- Leaders and staff will regularly monitor the usage of the LP, including message/communication tools and publishing facilities.
- Only current members of staff, learners and parents will have access to the LP/Teams.
- When staff and/or learners leave the setting, their account will be disabled or transferred to their new establishment.
- Learners and staff will be advised about acceptable conduct and use when using the LP.
- All users will be mindful of copyright and will only upload appropriate content onto the LP.
- Any concerns about content on the LP will be recorded and dealt with in the following ways:
 - The user will be asked to remove any material deemed to be inappropriate or offensive.
 - If the user does not comply, the material will be removed by the site administrator.
 - Access to the LP for the user may be suspended.
 - The user will need to discuss the issues with a member of leadership before reinstatement.
 - A learner's parents/carers may be informed.
 - If the content is illegal, we will respond in line with existing child protection procedures.
- Learners may require editorial approval from a member of staff. This may be given to the learner to fulfil a specific aim and may have a limited time frame.
- A visitor may be invited onto the LP by a member of the leadership; in this instance, there may be an agreed focus or a limited time slot.

Management of Applications (apps) used to Record Children's Progress

We use a variety of apps to track learner's progress and share appropriate information with parents and carers.

The school holds a list of third party processors approved by the WAT DPO.

The head teacher is ultimately responsible for the security of any data or images held of children. As such, they will ensure that the use of tracking systems is appropriately risk assessed prior to use, and that they are used in accordance with data protection legislation, including the General Data Protection Regulations (GDPR) and Data Protection legislation.

To safeguard learner's data:

- Only learner issued devices will be used for apps that record and store learners' personal details, attainment or photographs.
- Personal staff mobile phones or devices will not be used to access or upload content to any apps which record and store learners' personal details, attainment or images.
- Devices will be appropriately encrypted if taken off site, to reduce the risk of a data security breach, in the event of loss or theft.
- All users will be advised regarding safety measures, such as using strong passwords and logging out of systems.
- Parents and carers will be informed of the expectations regarding safe and appropriate use, prior to being given access; for example, not sharing passwords or images.

Social Media

Learners Personal Use of Social Media

- **Pupils do not access social media accounts as part of the SJS curriculum.**
- Safe and appropriate use of social media will be taught to learners as part of an embedded and progressive education approach, via age appropriate sites and resources.
- Any concerns regarding learner's use of social media will be dealt with in accordance with existing policies, including anti-bullying and behaviour.
 - Concerns will be shared with parents/carers as appropriate, particularly when concerning underage use of social media sites, games or tools.
- Learners will be advised:
 - To consider the benefits and risks of sharing personal details on social media sites which could identify them and/or their location.
 - To only approve and invite known friends on social media sites and to deny access to others by making profiles private.
 - Not to meet any online friends without a parent/carer or other responsible adult's permission and only when a trusted adult is present.
 - To use safe passwords.
 - To use social media sites which are appropriate for their age and abilities.
 - How to block and report unwanted communications.
 - How to report concerns both within the setting and externally.

Official Use of Social Media

- Sawley Junior school's official social media channels are:
 - Twitter & ClassDojo
- The official use of social media sites only takes place with clear educational or community engagement objectives, with specific intended outcomes.
 - The official use of social media as a communication tool has been formally risk assessed and approved by the headteacher.
 - Staff have access to account information and login details for our social media channels.
- Official social media channels have been set up as distinct and dedicated social media sites or accounts for educational or engagement purposes only.
 - Staff use setting provided email addresses to register for and manage any official social media channels.
 - Official social media sites like Twitter are suitably protected and, linked from our website.
 - All communication on official social media platforms will be clear, transparent and open to scrutiny.
- Parents/carers and learners will be informed of any official social media use, along with expectations for safe use and action taken to safeguard the community.
 - Only social media tools which have been risk assessed and approved as suitable for educational purposes will be used.
- We will ensure that any official social media use does not exclude members of the community who are unable or unwilling to use social media channels.

Use of Personal Devices and Mobile Phones

Sawley Junior School recognises that personal communication through mobile technologies is an accepted part of everyday life for learners, staff and parents/carers, but technologies need to be used safely and appropriately within the setting.

Staff Use of Personal Devices and Mobile Phones

Members of staff will refer to and adhere to the WAT Staff Acceptable Use Policy.

Learners Use of Personal Devices and Mobile Phones

Learners are not allowed to use mobile devices on site. Learners can bring mobile devices onto site but these are held by staff in accordance with our Pupil Use of Mobile Phones and Devices Policy.

Visitors' Use of Personal Devices and Mobile Phones

- Parents/carers and visitors (including volunteers and contractors) must use their mobile phones in accordance with the Visitors Policy, Visitors Code of Conduct and Safeguarding Agreement.
- Members of staff are expected to challenge visitors if they have concerns and will always inform the DSL (or deputy) or headteacher of any breaches our policy.

Responding to Online Safety Incidents and Concerns

- All members of the community will be made aware of the reporting procedure for online safety concerns, including: breaches of filtering, youth produced sexual imagery (sexting), cyberbullying and illegal content.
- All members of the community must respect confidentiality and the need to follow the official procedures for reporting concerns.
 - Learners, parents and staff will be informed of our complaints procedure and staff will be made aware of the whistleblowing procedure.
- We require staff, parents, carers and learners to work in partnership to resolve online safety issues.
- After any investigations are completed, we will debrief, identify lessons learnt and implement any policy or curriculum changes as required.
- We will refer to the flow chart on responding to incidents, made available.
- Where there is suspicion that illegal activity has taken place, we will follow the local safeguarding procedures which will include Police using 101, or 999 if there is immediate danger or risk of harm.
- If an incident or concern needs to be passed beyond our community (for example if other local settings are involved or the public may be at risk), the DSL will speak with Call Derbyshire/ Derbyshire Police first to ensure that potential investigations are not compromised.

Concerns About Learners Welfare

- The DSL (or deputy) will be informed of any online safety incidents involving safeguarding or child protection concerns.
 - The DSL (or deputy) will record these issues in line with our child protection policy.
- The DSL (or deputy) will ensure that online safety concerns are escalated and reported to relevant agencies in line with the Derby and Derbyshire Safeguarding Children Partnership thresholds and procedures.
- We will inform parents and carers of online safety incidents or concerns involving their child, as and when required.

Procedures for Responding to Specific Online Incidents or Concerns

Online Sexual Violence and Sexual Harassment between Children

- Our school/ setting has accessed and understood part 5 of 'Keeping Children Safe in Education'.
- Sawley Junior School recognises that sexual violence and sexual harassment between children can take place online. Examples may include; non-consensual sharing of sexual

images and videos, sexualised online bullying, online coercion and threats, unwanted sexual comments and messages on social media, and online sexual exploitation.

- Full details of how we will respond to concerns relating to sexual violence and sexual harassment between children can be found within our Safeguarding & Child Protection and Anti-Bullying Policy.
- Sawley Junior School recognises that internet brings the potential for the impact of any sexual violence and sexual harassment concerns to extend further than the local community, and for a victim or alleged perpetrator to become marginalised and excluded by online communities.
- Sawley Junior School also recognises the potential for repeat victimisation in the future if abusive content continues to exist somewhere online.
- Sawley Junior School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of online sexual violence and sexual harassment between children by implementing a range of age and ability appropriate educational methods as part of our PSHE and RSE curriculum.
- We will ensure that all members of the community are aware of sources of support regarding online sexual violence and sexual harassment between children.
- We will respond to concerns regarding online sexual violence and sexual harassment between children, regardless of whether the incident took place on our premises or using our equipment.
- If made aware of online sexual violence and sexual harassment, we will:
 - Immediately notify the DSL (or deputy) and act in accordance with our child protection and anti-bullying policies.
 - If content is contained on learners electronic devices, they will be managed in accordance with the DfE '[searching screening and confiscation](#)' advice.
 - Provide the necessary safeguards and support for all learners involved, such as offering specific advice on blocking, reporting and removing online content, as well as providing appropriate counselling/pastoral support.
 - Implement appropriate sanctions in accordance with our behaviour policy.
 - Inform parents and carers, if appropriate, about the incident and how it is being managed.
 - If appropriate, make a referral to partner agencies, such as Children's Social Care and/or the Police.
 - If the concern involves children and young people at a different educational setting, work in partnership with other DSLs to ensure appropriate safeguarding action is taken in the wider local community.
 - If a criminal offence has been committed, the DSL (or deputy) will discuss this with Derbyshire Police first to ensure that investigations are not compromised.
 - Review the handling of any incidents to ensure that best practice was implemented, and policies/procedures are appropriate.

Youth Produced Sexual Imagery (“Sexting”)

- Sawley Junior School recognises youth produced sexual imagery (known as “sexting”) as a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
- We will follow the advice as set out in the non-statutory UKCCIS guidance: [‘Sexting in schools and colleges: responding to incidents and safeguarding young people’](#) and [KSCB](#) guidance: “Responding to youth produced sexual imagery”.
- Sawley Junior School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of ‘sexting’ by implementing preventative approaches, via a range of age and ability appropriate educational methods.
- We will ensure that all members of the community are aware of sources of support regarding youth produced sexual imagery.
- We will respond to concerns regarding youth produced sexual imagery, regardless of whether the incident took place on site or using setting provided or personal equipment.
- We will not:
 - View any images suspected of being youth produced sexual imagery, unless there is no other possible option, or there is a clear need or reason to do so.
 - If it is deemed necessary, the image will only be viewed by the DSL (or deputy DSL) and their justification for viewing the image will be clearly documented.
 - Send, share, save or make copies of content suspected to be an indecent image of a child (i.e. youth produced sexual imagery) and will not allow or request learners to do so.
- If made aware of an incident involving the creation or distribution of youth produced sexual imagery, we will:
 - Act in accordance with our child protection policies and the relevant Derby & Derbyshire’s Safeguarding Child Board’s procedures.
 - Ensure the DSL (or deputy) responds in line with the [‘Sexting in schools and colleges: responding to incidents and safeguarding young people’](#) guidance.
 - Store the device securely.
 - If an indecent image has been taken or shared on our network or devices, we will act to block access to all users and isolate the image.
 - Carry out a risk assessment which considers any vulnerability of learners involved; including carrying out relevant checks with other agencies.
 - Inform parents and carers, if appropriate, about the incident and how it is being managed.
 - Make a referral to Children’s Social Work Service and/or the Police, as deemed appropriate in line with the UKCCIS : [‘Sexting in schools and colleges: responding to incidents and safeguarding young people’](#) guidance.
 - Provide the necessary safeguards and support for learners, such as offering counselling or pastoral support.
 - Implement appropriate sanctions in accordance with our behaviour policy but taking care not to further traumatise victims where possible.
 - Consider the deletion of images in accordance with the UKCCIS: [‘Sexting in schools and colleges: responding to incidents and safeguarding young people’](#) guidance.

- Images will only be deleted once the DSL has confirmed that other agencies do not need to be involved; and are sure that to do so would not place a child at risk or compromise an investigation.
- Review the handling of any incidents to ensure that best practice was implemented; the leadership team will also review and update any management procedures, where necessary.

Online Child Sexual Abuse and Exploitation (including child criminal exploitation)

- Sawley Junior School will ensure that all members of the community are aware of online child sexual abuse, including: exploitation and grooming; the consequences; possible approaches which may be employed by offenders to target children and how to respond to concerns.
- Sawley Junior School recognises online child sexual abuse and exploitation (including criminal exploitation) as a safeguarding issue and, as such, all concerns will be reported to and dealt with by the DSL (or deputy).
- We will implement preventative approaches for online child sexual abuse and exploitation (including criminal exploitation) via a range of age and ability appropriate education for learners, staff and parents/carers.
- We will ensure that all members of the community are aware of the support available regarding online child sexual abuse and exploitation (including criminal exploitation), both locally and nationally.
- We will ensure that the 'Click CEOP' report button is visible and available on our website to learners and other members of our community.
- If made aware of incident involving online child sexual abuse and exploitation (including criminal exploitation), we will:
 - Act in accordance with our child protection policies and the relevant Derby & Derbyshire Safeguarding Children's Board's procedures.
 - If appropriate, store any devices involved securely.
 - Make a referral to Children's Social Work Service (if required/appropriate) and immediately inform Derbyshire police via 101, or 999 if a child is at immediate risk.
 - Carry out a risk assessment which considers any vulnerabilities of learner(s) involved (including carrying out relevant checks with other agencies).
 - Inform parents/carers about the incident and how it is being managed.
 - Provide the necessary safeguards and support for learners, such as, offering counselling or pastoral support.
 - Review the handling of any incidents to ensure that best practice is implemented; leadership team will review and update any management procedures, where necessary.
- We will respond to concerns regarding online child sexual abuse and exploitation (including criminal exploitation), regardless of whether the incident took place on our premises or using setting provided or personal equipment.
 - Where possible, learners will be involved in decision making and if appropriate, will be empowered to report concerns such as via the Click CEOP report:
www.ceop.police.uk/safety-centre/

- If we are unclear whether a criminal offence has been committed, the DSL (or deputy) will obtain advice immediately through the Derbyshire police by using 101.
- If made aware of intelligence or information which may relate to child sexual exploitation (on or offline), it will be passed through to the Derbyshire police using 101 unless immediate concerns and 999 will be used by the DSL (or deputy).
- If learners at other setting are believed to have been targeted, the DSL (or deputy) will seek support from Derbyshire Police first to ensure that potential investigations are not compromised.

Indecent Images of Children (IIOC)

- Sawley Junior School will ensure that all members of the community are made aware of the possible consequences of accessing Indecent Images of Children (IIOC).
- We will respond to concerns regarding IIOC on our equipment and/or personal equipment, even if access took place off site.
- We will seek to prevent accidental access to IIOC by using an internet Service provider (ISP) which subscribes to the Internet Watch Foundation block list and by implementing appropriate filtering, firewalls and anti-spam software.
- If we are unclear if a criminal offence has been committed, the DSL (or deputy) will obtain advice immediately through the Derbyshire Police using 101.
- If made aware of IIOC, we will:
 - Act in accordance with our child protection policy and the relevant Derby City & Derbyshire Safeguarding Children Partnership Safeguarding procedures.
 - Store any devices involved securely.
 - Immediately inform appropriate organisations, such as the Internet Watch Foundation (IWF), Derbyshire police or the LADO.
- If made aware that a member of staff or a learner has been inadvertently exposed to indecent images of children, we will:
 - Ensure that the DSL (or deputy) is informed.
 - Ensure that the URLs (webpage addresses) which contain the suspect images are reported to the Internet Watch Foundation via www.iwf.org.uk.
 - Ensure that any copies that exist of the image, for example in emails, are deleted.
 - Report concerns, as appropriate to parents and carers.
- If made aware that indecent images of children have been found on the setting provided devices, we will:
 - Ensure that the DSL (or deputy) is informed.
 - Ensure that the URLs (webpage addresses) which contain the suspect images are reported to the Internet Watch Foundation via www.iwf.org.uk.
 - Ensure that any copies that exist of the image, for example in emails, are deleted.
 - Inform the Derbyshire police via 101 (999 if there is an immediate risk of harm) and Children's Services using Call Derbyshire (as appropriate).

- Only store copies of images (securely, where no one else has access to them and delete all other copies) at the request of the police only.
- Report concerns, as appropriate to parents and carers.
- If made aware that a member of staff is in possession of indecent images of children on setting provided devices, we will:
 - Ensure that the headteacher is informed in line with our managing allegations against staff policy immediately and without any delay.
 - Inform the Local Authority Designated Officer (LADO) and other relevant organisations in accordance with our managing allegations against staff policy.
 - Quarantine any devices until police advice has been sought.

Cyberbullying

- Cyberbullying, along with all other forms of bullying, will not be tolerated at Sawley Junior School.
- Full details of how we will respond to cyberbullying are set out in our Anti-Bullying Policy/Behaviour Policy.

Online Hate

- Online hate content, directed towards or posted by, specific members of the community will not be tolerated at Sawley Junior School and will be responded to in line with existing policies, including Anti-Bullying Policy/Behaviour Policy.
- All members of the community will be advised to report online hate in accordance with relevant policies and procedures.
- The Police will be contacted if a criminal offence is suspected.
- If we are unclear on how to respond, or whether a criminal offence has been committed, the DSL (or deputy) will obtain advice through the Derbyshire police and or the Safer Derbyshire website <https://www.saferderbyshire.gov.uk/home.aspx>

Online Radicalisation and Extremism

- We will take all reasonable precautions to ensure that learners and staff are safe from terrorist and extremist material when accessing the internet on site.
- If we are concerned that a child or parent/carer may be at risk of radicalisation online, the DSL (or deputy) will be informed immediately, and action will be taken in line with our child protection policy and Derbyshire Prevent Pathway which may include a referral into Channel.
- If we are concerned that member of staff may be at risk of radicalisation online, the headteacher will be informed immediately, and action will be taken in line with the child protection and allegations policies.

Cybercrime

- Cybercrime incidents and offences will be responded to in line with our existing behaviour policies.

- We will respond to concerns that our students are involved, or at risk of becoming involved, in cybercrime, even if it takes place off site.
- We will make a Cyber Choices referral for early intervention, as per the [Cyber Choices toolkit](#).
- If we are concerned that a child is being exploited as a result of their technical skills, we will follow the [Children at Risk of Exploitation \(CRE\) procedure and the CRE Risk Assessment Toolkit](#)
