## Spring 1 Homework Challenges – Year 5

### The Victorians

<b>Gold Challenges</b>		
Create an outdoor game (with rules) that Victorian children could have played. Present your creation clearly or perhaps you could video yourself explaining the rules.	Research Kings and Queens of the past. Create a bar chart to compare the length of Queen Victoria's reign with the reign of other Kings and Queens. Remember to label your bar chart carefully!	Create a musical instrument using household items and record a performance including rhythmic techniques.
<b>Silver Challenges</b>		
Draw a representation of your house (perhaps use one of the styles we have studied in art: front elevation plan, perspective plan or bird's eye floor plan).	Design a Victorian inspired menu for a rich and poor child. Research the types of food each would have been able to have eaten.	Compare a Victorian school day with a modern school day. Present your comparisons clearly and creatively!
<b>Bronze Challenges</b>		
Write a list of items that we use now that were also used by the Victorians.	Create a colourful, engaging poster on space.	Describe your dream job, and why it appeals to you.
